

## Single-Ended Metal Halide Lamps

- 4ArXS (“For Architainment eXtreme Seal”) are designed for creative architainment and effect lighting.
- Rugged and compact lamp design
- eXtreme Seal technology enables higher pinch temperatures up to a maximum of 450°C
- Daylight type (6000K) and bright light type 7000-8000K)
- Average service life of 2,000 to 6,000 hours
- Outstanding luminous intensity and color consistency throughout the life of the lamp
- Low devitrification of the bulb wall, therefore lesser decline in system luminous flux over the life of the lamp
- Wattages of 150 to 1200W
- No hot restart
- Operation on electronic power supplies (ECG) and standard ballasts

## Application Information

### Applications

- Architectural and effect lighting
- Event and nightclub lighting
- Trade fair and exhibition lighting
- Projected advertising

### WARNING

This lamp emits a high level of ultraviolet (UV) radiation and operates at high pressure. Before use, read the complete warning accompanying the product.

### Disposal

When disposing of spent lamps, always consult federal, state, local and provincial hazardous waste disposal rules and regulations to ensure proper disposal.
