HPL ULTRA PLUS (UCF) LAMP FAMILY

High Performance Tungsten Halogen Lamps

OSRAM HPL ULTRA PLUS (UCF) –An improved product line of the HPL family of lamps designed specifically for the Source Four® series of fixtures. The HPL Ultra Plus uses OSRAM’s new Ultra Compact Filament (UCF) design for maximum efficiency and life. The unique top bridgeless construction virtually eliminates filament shadowing, allowing for crisper images than ever before.

Compact coil design with increased lumen output. Stronger seal design with solid nickel pins improve durability and prevent any breakage during installation. HPL Ultra Plus (UCF) brings increased opportunities for all stage, studio, TV and architectural applications with superior light performance and maximum efficacy.

Application Information

- Theater, TV, Studio
- Entertainment and Architectural lighting applications
- Professional Photography
- Source Four® series of Ellipsoidal, PAR, and PARNeI fixtures.

Life (X) - extended life version lamps (1000 to 2000 hrs. average rated life) are ideal for architectural applications where lamps are operated for extended periods which reduces change-outs during continuous performances.

* HPL Series of lamps – design patented by ENTERTEC, Inc.

* Source Four is a registered trademark of Electronic Theatre Controls, Inc.

- Ultra Compact Filament design (UCF) for high lumen output
- Four / six compact tungsten coil segments (Square and hexagonal)
- Optimum system performance
- Reinforced pinch seal for extra mechanical resistance
- Unique top bridgeless construction improves light uniformity for maximum light collection
- Special heat sink base
 - 1) Works well in high temperature applications
 - 2) Suited for high humidity applications
 - 3) Reduces seal temperature maximizing life and ensuring proper lamp alignment
 - 4) Smooth finish
 - 5) Low heat load to the socket
- Unique gas fill – improves light output and minimizes risk of arc-out
- OSRAM TP22H socket is available. Fits all generations of ETC Source Four® fixtures.

Product Availability

Lamp Ordering and Specification Information

Specification

Lamps shall have a color temperature of 3,050 to 3,250K, operated with various volts of 77V to 240V and have life of 300 to 2,000hrs long life versions with complete warranty from the lamp manufacturer.
