# OSRAM TP22H Socket

For all HPL Lighting Systems

Get more life with your OSRAM socket solution

## Performs to critical acclaim

### High Performance Contact System

Features multiple points of contact with lamp pins for superior electrical connections.

Patented contact design features dual materials to optimize electrical and mechanical properties of the socket.

Strong and consistent contact force provides longer life.

### Versatile and Easy to Use

Fits all generations of ETC Source Four® fixtures.

TP22H sockets are an ETC preferred product.

Easy to install. Lamp inserts smoothly and securely so you know it's in correctly.

Contacts float within the ceramic to allow for flexible lamp pin insertion.

## Set the stage for your success.
